ISSUE:

Award bid for baseball four-plex outfield fence replacement at West Valley City Park, 4400 West 3500 South.

SYNOPSIS:

A request for bid was placed in the newspapers, and two bids were received. The lowest qualified bid was \$41,155.00 from western Fence Company.

BACKGROUND:

West Valley City Park was built in the 1980's and as such, numerous areas are showing their age. The outfield fencing around the baseball four-plex has been used and battered for more than two decades and is in need of replacement. The current fence is only four feet tall. New regulations concerning baseball diamonds calls for fencing to be at least six feet tall.

Bids were recently solicited through a public process for the removal of the current four-foot fence and installation of a new six-foot fence. Two companies responded. Western Fence Company was the lowest responsible bid.

United Fence Company.	\$52,293.00
Western Fence Company	\$41,155.00

RECOMMENDATION:

Approve the resolution authorizing the replacement of outfield fencing at West Valley City Park baseball four-plex by Western Fence Co.
